### The impact of urbanisation on crop

If recognized a reference but did not link an item in RePEc to it, you can help with. Country paper on development of sustainable farming systems.

### The impact of urbanisation on crop

Dairying potential in Jalandhar district of Punjab. The homegarden is changing from a system characterized by low yields, low inputs, and low risks to one of high yields, high inputs, and high risks. This study provides for the first time valuable information to growers and Extension specialists on yield, fruit quality traits and adaptability of rambutan cultivars grown in various agroenvironments.

### Integrated farming

FFTC Extension Bulletin, 464: 1-10.

### The impact of urbanisation on crop

The use of drawing pictures of integrated agriculture-aquaculture systems as a means of helping both farmers and researchers to learn from each other in order to improve systems is noted. Presentation to conference; factsheet; discussion with extension agents and growers; report to Guam Farmers Cooperative Association Co-Op meeting; Ag and science class laboratory teaching. The resulting system is as much a socioeconomic system as it is an ecological system and has a socioeconomic boundary, as well as a biophysical one, defined by the activities of the farm household.
