Francis Bacon (artist)

It was Bacon's intention to gather into one monumental work his program for the renewal of the sciences.

Time and again a crude utilitarianism has been derived from Book I, Aphorism 1 of the *Novum Organum*; this cannot, however, withstand a closer analysis of his thought.

Francis Bacon

The response of the later Enlightenment was similarly divided, with a majority of thinkers lavishly praising Bacon while a dissenting minority castigated or even ridiculed him.

Bacon, Francis

The ethical dimension of Bacon's thought has been underrated by generations of scholars.

10 Major Accomplishments of Sir Francis Bacon

The isomorphic structures of nature and science, on the one hand, society and religion, on the other, prescribe patterns of political procedure, social processes, and religious attitudes, which overcome any craving for individuality. Essex did not solve the Irish question, returned to court and fell from grace, as Bacon had anticipated he would. His career aspirations had been largely disappointed under Elizabeth I, but with the ascension of James his political fortunes rose.
