Biting Flies

The fruit is set from the first blossom and it will blossom again in a couple of months.

Venus flytrap

So to protect the tree from sustaining damage while the Dominion is kicking in, you should spray it down.

Leaf miner

The bacteria and viruses they carry can cause food poisoning, diarrhea, eye infections, dysentery, cholera, and even tuberculosis. Bifen IT: And something else I feel I should mention is that Bifen can be applied with one of our mist blowers. Another aspect of sawfly insect control is directed at the pupa that overwinter in cocoons in the soil.
