## Poets in Low Working

Poets shared an interest in metaphysical subjects and practiced similar means of investigating them. It speaks not just of the Black condition but of the human condition.

## Famous Poets and Poems of 18th Century

Dickinson invented a semiotic form of writing which disrupted the symbolic patriarchal conventions of logical grammar, syntax, and narrative expectation, creating an art of power through silences. In the twelfth century, Sicily integrated three distinct languages and cultural influences: Arabic, Byzantine Greek, and Latin.

## The poets and poetry of England, in the nineteenth century : Griswold, Rufus Wilmot, 1815

The fruit in the poem which the goblins sell has been interpreted in various ways: critics

### Romanticism: Romantic literature in England

Why and when did Romanticism bloom in the English literary scene?

No other period in English literature displays more variety in style, theme, and content than the Romantic Movement of the eighteenth and nineteenth centuries. In England, Romanticism had its greatest influence from the end of the eighteenth century up through about 1830.

Romanticism was a period of great social change in England, because of the introduction of the factory system and the rapid development of the overworked industrial cities between 1750 and 1850. Often the landscape is presented in the poetry of this period, and English Romantic poets like Wordsworth depicted of nature poets. In particular, the French Revolution had a major influence on the political thought of many of the Romantic poets.

#### The representatives

The first representatives of Romanticism in England were the "Lake Poets", a group of fellow poets such as William Wordsworth and Samuel Taylor Coleridge. The second generation of Romantic poets included Lord Byron, Percy Bysshe Shelley, Mary Shelley and Jane Austen. Other important figures were Sir Walter Scott and the poet Thomas Moore and Thomas Lovell Beddoes. A genre that had a lot of success in the Romantic period was the gothic novel, such as Mary Shelley's Frankenstein.

We will now tell you more about these poets.

#### About these poets

**William Wordsworth** was an English poet, born on 7<sup>th</sup> April 1770 in Cockermouth, Cumberland in the Lake District. The magnificent landscape, heavily affected Wordsworth's imagination and gave him a love of nature. His childhood wasn't very pleasant because his parents at a very young age. With the help of two family members he managed to enter the University of Cambridge and later St. John's College.

**William Wordsworth** was very close friends with Samuel Taylor Coleridge and together they composed a masterpiece called Lyrical Ballads.

**Samuel Taylor Coleridge** was an English poet, literary critic and philosopher. He was born in Ottery St Mary, Devonshire, as the youngest child of two. Coleridge had a troubled childhood as well and couldn't afford to study at a university. He suffered from hallucinations and manic-depressive and as a result he became addicted to opium, a very strong painkiller. One of his poems is *Kennel and the Ancient Mariner*.

**Lord Byron** was an English poet and a leading figure in the Romantic

### **Phillis Wheatley**

Lord, lead me in thy righteousness.

have long seen the eroticised description of the exotic fruit as symbolic of sexual temptation, with Laura as the fallen woman who succumbs to masculine wiles and is ruined as a result though she is, of course, happily married at the end of the poem. As an exhibition of African intelligence, exploitable by members of the enlightenment movement, by evangelical Christians, and by other abolitionists, she was perhaps recognized even more in England and Europe than in America. She, however, did have a statement to make about the institution of slavery, and she made it to the most influential segment of 18th-century society—the institutional church.
