The signs that our American empire is crumbling

Right now the gain considerable benefit security, social services for little cost no income tax. Unlike Delian League member, Spanish Americans were eventually incorporated into the empire as full members but only after they had been stripped of most of their assets. What would a United States whose people have enough look like? Perhaps it's time to think about what kind of a country this place — so rich in natural resources and human resourcefulness — might become if we were to take the stones and timbers of empire and construct a nation dedicated to the genuine security of all its people.
