## In Praise of Krishna: Songs from the Bengali by Edward C. Dimock Jr.

I who fear my elders and dare not go out to him? Then how shall a simple dairymaid withstand its call? When you come across names of the various Avatars in Sri Aad Guru Granth Sahib ji, the Bhagats and Guru Sahibs refer to them in context of Akaal Parmatma. Worshipers attending the arati may sing, or the devotee offering the arati may sing or play a tape. Perhaps the most wonderful aspect of archanam is that it employs the four processes of devotional service discussed so far: hearing about Krishna, chanting His names, remembering Him, and serving His lotus feet.

### Radha Krishna Mantra

Even hindu granths agree that these devte are bound to birth and death.

### The Christ

There is one God, yet He manifests in many forms. This is understood when the ego loosens its grip on us. Which part of the painting of Sri Krishna represents his character Madhusudan, Damodar, Rikhikesh, Govardhan Dhari, Niranjan etc.

And it is crystal clear. He is the son of Devaki, and Who is the Dear-One of all. In the Krishna consciousness movement, our most beloved deity is Lord Krishna.

### Sri Krishna

Often at times the problem is to choose between greater evil and lesser evil.

### **Radha Krishna Mantra**

By chanting Hare Krishna, one performs shravanam and kirtanam in the most sublime form. How, then can they save us from our mortal woes?  
That flame is Sri Krishna.
