## **Metrication in the United Kingdom**

Most of government, industry and commerce use metric units, but imperial units are officially used to specify journey distances, vehicle speeds and the sizes of returnable milk containers, beer and cider glasses though fresh milk is often still sold in multiples of pints, with the metric equivalent also marked. March 2005, 145 pages, 29. Human World, Earth and Sky radio broadcast October 11.

## **Conferences and Meetings on Astronomy, Astrophysics and Cosmology**

Conducting a Self-Assessment of a Long-Term Archive for Interdisciplinary Scientific Data as a Trustworthy Digital Repository.

## **Place crowd safety, crowd science? Case studies and application**

Repository Platforms for Research Data: Improving Capabilities for Repository Platforms to Support Research Data Policies. Poetry and music were central to the pleasures of the symposium.

## **A Procedural Justice Model of Strategic Decision Making: Strategy Content Implications in the Multinational**

Crowd modelling, based on simulating the crowd scenarios under various circumstances, is concerned with building robust representations of a crowd for scene understanding and is primarily a process used in the development of a robust crowd management system.

## **Center for International Earth Science Information Network**

Young, Factors Related to Hunting and Fishing Participation in the United States, Harrisonburg, Va. According to a 2016 study by Erin Grinshteyn

and David Hemenway, those living in the United States are seven times more likely to die by homicide than if they lived in another wealthy country and are 25 times more likely to die in a gun homicide.

### **Marxism in Culture**

Small, Christopher 2001 A Global Analysis of Urban Population Distributions and the Physical Environment, presented at the 2001 Open Meeting of the Human Dimensions of Global Environmental Change Research Community, 6-8 October 2001, Rio de Janeiro, Brazil. Goss, The Gun Debate: What Everyone Needs to Know, New York: Oxford University Press, 2014. The interview study is performed with only Swedish participants thus the international perspective is missing meaning that the results might not be possible to directly translate to other countries.

### **History**

Alex de Sherbinin and Stefan Kienberger.

### **Human trafficking reports**

Presentation given at the 2010 IEEE International Conference on Information Reuse and Integration, Las Vegas, August 4-6. Topics such as exoplanetary atmospheres, stellar high-energy irradiation, exoplanet formation, and interactions between stars and exoplanets will be explored.
