Landor: a biographical anthology / compiled and edited by Herbert van Thal;...

The two elements in the book, the biography and the anthology, are closely complementary and should be read together. The purpose of the volume is to combine an outline of Landor's life with parts from his best writings. .

Thal Van Herbert Edited by

Landor lived from 1775 until 1864 and thus through a very tumultuous ninety years of European history. Very Good + see images IGNORE postage estimate small book could goes a large letter. Kaufman The Dead End a novella by David Case A near fine copy with light edge wear, appears unread.
