What is a Neonatologist?

Where Can I Find a Neonatologist? Weiss, Kathy Zimmerman, Noelle C. Vanderbilt University Medical Center is committed to principles of equal opportunity and affirmative action. Our program is designed to equip fellows with the education and skills needed to manage a wide range of neonatal diseases and physiology, an awareness of neonatal outcomes, the teaching skills to train others, and the research training that will promote their contribution to the field of neonatology.

Division of Neonatology

That is why we want you, the parents, to be with your baby and be involved in the care of your baby as much as you can. Retinopathy of prematurity in premature infants affects both eyes and is the leading cause of vision loss in children.

Neonatology

We continue to follow Dr. This makes visitation easier for families and upholds our commitment to family-centered care.
