Postgraduate students in PhD or MPhil programs should also provide a statement of support from a supervisor or an academic mentor in their EOI before proceeding with their unsolicited reviews. By 2006, the 's restoration projects, especially in the North Aral, were giving rise to some unexpected, tentative relief in what had been an extremely pessimistic picture.

### Aral Vorkosigan

The North Aral Sea sometimes called the Small Aral Sea had separated from the South Large Aral Sea. The main aims of this phase are to improve the irrigation systems currently in place, whilst targeting water management at a local level. The Aral Sea region is heavily polluted, with consequent serious.
