National Research Facilities

The preeminence of the NRC was gradually eroded by the growth of science and technology research in the university and the corporate sectors.

NRC facilities

It was co-developed by the Beijing Institute of Biotechnology BIB and CanSino Biologics Inc. By the 1980s, more companies began to use this resource, develop it further, and tested their loudspeakers at the NRC.

National Research Council of Canada Fonds, 1916

The telescope's enclosure was designed by in British Columbia. Today, we continue to work with the construction, transportation, marine, aerospace, and automotive industries in our world-class facilities: advancing technologies for saving lives, improving the fire safety of buildings and transportation systems, enhancing fire detection and suppression systems, and reducing the risk and costs of fire in Canada.

NRC Publications Archive

This initiative will establish a suite of accessible platform technologies for substantially accelerating the rate of discovery of new materials for a range of applications, including clean energy and additive manufacturing.

The National Research Council of Canada and CanSino Biologics Inc. announce collaboration to advance vaccine against COVID

Onsite services The library is currently closed to help prevent the spread of COVID-19.

Construction problems prevented National Research Council from opening vaccine facility on schedule

We also analyze smoke effluents to assess toxicity and tenability. The NSL is a member of the Federal Science Library FSL , a partnership of seven federal science libraries that have joined together to establish a portal where you can search the print collections and repositories of all the libraries from a single place.
