## Plans and Policies

Knowledge of the mineral collecting environment, e. The National Park covers 57% of the district and splits the area managed by East Hampshire District Council into two halves, one south of the National Park known as the southern parishes and an area to the north of the National Park.

**[Download PDF] South West Hampshire strategic planning policies. by Hampshire County Council Ebook**

Specific development proposals for the sites identified in the Plan will, however, need to gain planning permission before development can take place. Based upon the BGS mineral resources data, with permission of the British Geological Survey. If several locations are found, please select one from the drop down list.

## Plans and Policies

Regional planning policy The was adopted in May 2009.

## Strategic planning

Reproduction permission granted upon request. New England micro-mineral collectors can have the pleasure of field collecting in their homes throughout the long cold winter months! These changes relate to the additional publicity measures that the Council had committed to carry out.

All my hobby interests have converged on my New Hampshire Mineral Species Display project. It identifies additional 'strategic sites' for housing and employment development.

**Minerals and waste planning policy: Minerals Local Plan**

Use the list in the table below to select a project or go back to the main Projects page to search all projects. The mineral photography is the copyright of the authors. Therefore a relatively small degree of flexibility is needed around the housing targets and is provided for within this Plan.
