## Early history of the University of Virginia : Cabell, Nathaniel Francis, 1807

He travels widely in France and in other countries, viewing many examples of contemporary and classical architecture that will influence his architectural plans for the University of Virginia. UVA had no divinity school, was established independently of any religious sect, and were planned and centered upon a library, , rather than a church, distinguishing it from peer universities still primarily functioning as seminaries for one particular strain of Protestantism or another.

## Jefferson's University ... the early life

Jefferson adapted this concept for Pavilion VII, the only one of the ten to incorporate an arcade a series of arches supported by columns. Richmond: The Colonial Press, E.

## About the University

One of the largest construction projects in North America up to that time, the new Grounds were centered upon a library then housed in rather than a church — further distinguishing it from peer universities of the United States, most of which were still primarily functioning as seminaries for one particular religion or another.

## A Timeline of Key Events in UVA Law History

The 2020 camp was canceled. Secret societies have been a part of University of Virginia student life since the first class of students in 1825. Typical ward in the new building.
