Melanchthon Orations on Philosophy and Education

Erika Rummel, *The Confessionalization of Humanism in Reformation Germany* Oxford: Oxford University Press, 2000 , 31-4. Dedicatory letter to the Epitome of Moral Philosophy.

The Influence of the Protestant Reformation on Education

Preface to the Book on the Soul; 20. Parker Sheffield: Almond Press, 1989. They set out his views on the distinction between faith and reason, the role of philosophy in education, moral philosophy, natural philosophy, astronomy and astrology, and the importance of philosophy to a true Christian, as well as his views on Classical philosophical authorities such as Plato and Aristotle and on contemporaries such as Erasmus and Luther.

Melanchthon: Orations on Philosophy and Education

Wengert, *Lutheran Quarterly* 25 2011 , 16.

Philipp Melanchthon

Along Philipp Melanchthon 16 February 1497 — 19 April 1560 , born Philipp Schwartzertdt, was a German reformer, collaborator with Martin Luther, the first systematic theologian of the Protestant Reformation, intellectual leader of the Lutheran Reformation, and an influential designer of educational systems. Each user is responsible for limiting use to individual, non-commercial purposes, without systematically downloading, distributing, or retaining substantial portions of information, provided that all copyright and other proprietary notices contained on the materials are retained. Here, in the very outset, they denied natural reason, all natural religion, and all natural morality, and consequently asserted for man in the natural order, left to his natural powers and faculties, universal skepticism and moral indifference; for without reason there can be no belief, and without free-will no moral obligation, no moral difference of actions.

Melanchthon: Orations on Philosophy and Education

His most influential form of philosophical writing was the academic oration, and this volume presents a large and wide-ranging selection of his orations and.

Melanchthon: Orations on Philosophy and Education

The text can be found in Corpus Reformatorum 12, 691-6. They set out his views on the distinction between faith and reason, the role of philosophy in education, moral philosophy, natural philosophy, astronomy and astrology, and the importance of philosophy to a true Christian, as well as his views on Classical philosophical authorities such as Plato and Aristotle and on contemporaries such as Erasmus and Luther.
