Marine Ecosystems

International Council for the Exploration of the Sea ICES : Copenhagen.

**An overview of ecological status, vulnerability and future perspectives of European large shallow, semi**

Additionally, because of the smaller amount of data for the hybrid 9 *Mercenaria mercenaria* X *Mercenaria campechiensis*, comparative data were recalculated using only samples collected in November 1974-February 1975, and May-August 1975.

**An overview of ecological status, vulnerability and future perspectives of European large shallow, semi**

We need to understand how resilient organisms and ecosystems are to these challenges, while responding by protecting biologically-meaningful areas of the oceans. Nederlands Instituut voor Onderzoek der Zee: Den Burg. Department of Environment and Conservation, Kensington, WA.
