### **Zachary Elliott's New Venture at Tampa Parish Is All the Buzz**

The authors fully recognize the sorry state of much of the church in our culture, but insist, in most imaginative ways, that another way of church is possible. If we are to be a blessing to the nations, then it will start locally in the parish where we live and work and play. The drop in the number of priests, for starters, is an erosion that forecasters began warning about more than 20 years ago.

### **The New Parish: How Neighborhood Churches Are Transforming Mission ...**

In prophetic tones the authors suggest that if the church cannot be present and involved in its neighborhood, it has lost its way. Students in Catholic secondary schools have dropped from 884,181 to 611,723.

### **Start of a New Life**

We must begin by teaching you some new stories. See how Christ touched their life and allow him to do the same for you through the Sacrament of Reconciliation. Those who say YES to God and actually go to work in the vineyard do so with God's grace.

### **Outline of new life**

I owned this book for a year or two before finally reading it.
