### The Slugs & Bugs Show

Sparky and Morty push for the show to go on, while musician, Jason Eskridge, creates a special concoction that always makes him feel better. Pour this into a spray bottle, and spritz it onto the slugs whenever you see them. These can be used to make effective barriers to prevent slug movement, but they must be used carefully and kept dry.

### Riccardoella limacum

Other species pertaining to different genera, such as , and , are also eaten by slugs. While birds are a common annoyance for anyone growing berries, there are also several insect and gastropod pests that can be a problem. Because along with those adorable optic tentacles comes a voracious mouth that files through leaves and fruit, ruining it for the rest of us.
