## **Timeline of the Middle East in the 20th Century**

The tensions boiled over when Saddam Hussein used that excuse to invade Kuwait.

## **Political History of the Middle East in the 20th Century, 2019**

Japan was the one country in either Asia or Africa that had, at least in part, the requisite strengths to wield power: military and naval power, including fully trained and equipped military forces able to defeat a western army in the case of Japan, that of Russia ; control over sustainable sources of finance; possession of rapid communications, internal or external; and internal cohesion. According to a study by the American University of Beirut, as of summer 2014, the Arab Winter resulted in nearly a quarter of a million deaths and millions of refugees.
