The US Fish and Wildlife Service listed 25 Indiana animal species as threatened or endangered as of August 2003. But that character produced a collection of some of the most thorough botanical works ever published. I have many of Mr Deam's other books and this one complements them wonderfully.

**Category:Flora of Indiana**

They camped next to a big spring, near the former site of the Monroe Township School, on land that John had purchased. Born in Virginia and a descendant of French Huguenots, John Flora came to Carroll County, Indiana in 1827 with his wife, Sarah, and son, Abraham.

**Flora of the Indiana dunes, a handbook of the flowering plants and ferns of the lake Michigan Coast of Indiana and of the Calumet District : Peattie, Donald Culross, 1898**

A prime example involves an area in Daviess County, Indiana, where a major restoration project conducted by the Division of Nature Preserves has relied heavily on the Flora and Deam's plant collection for guidance.

**Category:Flora of Indiana**

There were 906 households, out of which 29.

**me.stfw.info.cdn.cloudflare.net: Flora of Indiana (9781930665590): Charles C. Deam: Books**

This is especially helpful for the beginner, or one not familiar with Indiana's flora, as it can reduce the field of options when trying to determine an unknown plant's identity.

**Flora of the Indiana dunes, a handbook of the flowering plants and ferns of the lake Michigan Coast of Indiana and of the Calumet**

**District : Peattie, Donald Culross, 1898**

There were 969 housing units at an average density of 914.

**Flora of Indiana : Indiana. Dept. of Conservation. Division of forestry : Free Download, Borrow, and Streaming : Internet Archive**

Because Deam collected plants in every township of the state, we have an excellent record of what occurred in an area historically.
