An American Tragedy: The legacy of slavery lingers in our cities' ghettos

Louis, Chicago, Cleveland, Detroit and the entire Midwest; the third, from Louisiana and Texas to California and the Western states. New technology and the horrifying events of both World Wars but specifically World War I made many people question the future of humanity: What was becoming of the world? Platonic ideas were revived and put to the service of Christianity. Of these professions we can cite business, dentistry, education, law, medicine, the military, music, and teaching.

The first world war helped shape modern America. Why is it so forgotten?

The Main Characteristics of Modernist Literature

Some have argued that genetic differences across races account for the gap. From this perspective, the Great Migration has no contemporary geographic equivalent because it was not solely about geography. The essential point is that there are 10,000,000 Negroes here now and that the proportion of mulattos to a thousand blacks has increased with alarming rapidity since 1850.
