Khasi Folk Songs and Tales

It was from that time that the tradition of storytelling among the Khasis was supposed to have started. It is a major festival of the Garos held in the fall, after the harvest season.

Khasi Folk Songs and Tales

Apart from pure traditional music, folk-fusion is the only genre that takes you closest to your identity and it is very natural for someone at some point in time to want to know oneself.

Megalithic Cultural tradition amongst the Khasi and Jaintia tribes of North

There are 51 types of forest found in this region classified into six major types- tropical moist deciduous forests, tropical semi evergreen forests, tropical wet evergreen forests, subtropical forests, temperate forests and alpine forests.

Khasi Folk Legend Kerios Wahlang no more

The rooster is the symbol of morning marking a new beginning and a new sunrise. In order to meet the long felt need for bringing out a systematic series of India's tribal literature, Sahitya Akademi has established a Project of Indian Literature in Tribal Languages and Oral Traditions.
