## Christopher de Souza

The recording is of Bale directing profanities at Hurlbut, threatening and belittling him, and finally threatening to quit the film if Hurlbut repeated the offense without being fired for it.

## Christopher de Souza

He went from 8 st 9 lb 55 kg: 121 lb to 15 st 11 lb 100 kg: 221 lb. We made up our own minds long before he did. De Lee has written his work especially for nurses, yet the practitioner will find it useful and instructive, since the duties of a nurse often devolve upon him in the early years of his practice.
