### Top 10 Custom Logo Design Tips For Beginners

But by no means should a logo tell the whole story. The yellow color stands for the raw energy of young people who are the target customers of the company. Be wary of relying too heavily on family and friends.

### 10 Tips for Designing Logos That Don't Suck

They bring out the best in both colors and create a very dynamic look.

### Top 10 Custom Logo Design Tips For Beginners

But the company did not use the new logo for some reasons.

### 15 Most Creative Business Logos Ever Made

But how would you ensure creating an impressive logo in black and white only. You can show it to potential clients so they have a jumping off point. Consider all the different ways you may use your logo—in newspaper ads, on signage, on your website.

### 5 Keys of Successful Logo Design

Just a glance at your logo is enough to mesmerize the people. Regardless of where it appears, your text should always be readable. That means constantly stepping outside your comfort zone and trying new things, using new tools or even taking on new forms of work.

### 16 Logo Design Tips from Branding Experts

Tone Your logo must tell your audience a bit about your company.

## Top 10 Best (and Worst) Company Logo Redesigns Ever

Also, avoid using gimmicky fonts.
