## Revolutionary socialism

Marxism predicted a spontaneous revolution by the , but insisted on the need for leadership by a vanguard party of professional revolutionaries such as himself.

## TOPIC 2: THE RISE OF DEMOCRACY IN EUROPE

Since it was public knowledge how a person voted, voters could be and were bribed to vote for a particular person as a member of Parliament. Hitler was a literate man with a profound grasp of history. English like the Germans had a taste for domestic tranquillity and Marxist notion of revolution and seizure of power destruction of state which meant revered English monarchy and parliament were all distinct liabilities to the English.

## Industrial Revolution Reforms

Threatened by the possibility of revolutions in their own lands, the governments of many Western nations viewed Communism as a spreading threat and moved to isolate the Soviet Union as much as possible.

## Hitler's Socialism vs Marx's Socialism

Economic Changes Brought by the Industrial Revolution - It led to changes in the form and supply of money, the provision of credit, and in forms of investment. The growth of industrialization had a significant impact on the lives of ordinary workers.

## Hitler's Socialism vs Marx's Socialism

Government supervised large factories to ensure minimum wages. Safety was very poor in early industrial factories and mines and there was no

injury compensation for the workers as well. ? Workers were divided into groups but they did unite to strike work when they were dissatisfied.

### **Revolutionary socialism**

Trotsky mobilized the Military Revolutionary Committee to seize power on the advent of the which began on 25 October 1917. By 1940, it had sold some 6 million copies there. Emphasized he was not a reformist or revisionist, still advocated violent revolution to seize power from capitalists.

### **The Rise of Fascism**

The Greeks invented steam power and actually built functioning models of steam engines.
