Karl Marx's Theory of History

And doing so—separation of laboring subject and the objective conditions of labor—enables him in the Grundrisse to bring back the notion of alienation. But of course all this misses the fact: the real point is ideological; the thing that sweeps aside special privilege in history is ideology, despite the fact that these public-choice people claim that the ideological explanation is irrational because you're not devoted to it 24 hours a day — it's only ideology. Causation in the law, Oxford: Clarendon Press.

Karl Marx's Theory of History

There is a broader ethical question to ask about history that goes beyond the professional ethics of the historian to the responsibilities of the public in relation to its own history. The first democratic revolutions and oligarchic counterrevolutions were hatched in the city states.

Karl Marx historical materialism materialist conception of history

The starting point for general relativity is the equivalence principle, which equates free fall with inertial motion.

History of gravitational theory

The feudal lord had the right to spend the first night with the bride in the case of a wedding. Pasadena, California: California Institute of Technology published 2013.
