for many centuries and it has affected many people around the world.

### How to Think About Racism

It can also raise achievement overall and close gaps among students of different racial and ethnic groups, says Sathy, who has written extensively on the topic. Racism has never been passively accepted by those who suffer it, and so systemic racism is always accompanied by acts of resistance that might manifest as protest, political campaigns, legal battles, resisting white authority figures, and speaking back against racist stereotypes, beliefs, and language.

### Ten Lessons for Talking About Race, Racism, and Racial Justice

Myth 6: Racism is irrational.

### Teaching: Talking With Students About Racism

These responses may all seem rational, but at the same time they perpetuate a system of racial exclusion. I do recognize I am the President of a University in a sector that is known to have its roots in what some might describe as traditions of higher education and others describe as colonialism and racist ideologies.
