## EIGHT COUSINS: OR THE AUNT

Eight Cousins, or The Aunt-Hill was published in 1875 by American novelist Louisa May Alcott.

### Eight cousins : or, the aunt

It is the story of Rose Campbell, a lonely and sickly girl who has been recently orphaned and must now reside with her maiden great aunts yet having a guardian, who are the matriarchs of her wealthy Boston family. He is very fond of Rose and secretly hopes that she will marry one of his sons. Although he discourages her from the professional study of medicine, he educates her in, a subject her aunts consider inappropriate for girls, so she can understand and take charge of her own health.

## EIGHT COUSINS: OR THE AUNT

Well preserved from the 50's. He lives in India, perhaps driven from home by his distaste for Clara's propensity for high society. Like all of Alcott's books for young people, the story takes a high moral tone.

### Eight Cousins or The Aunt

When Rose's guardian, Uncle Alec, returns from abroad, he takes over her care.

### Eight Cousins Or, the Aunt

Motherless for most of her life, 13-year-old Rose looks to her many aunts, her friends, and the housemaid Phebe as feminine role models. Clara is a social butterfly, completely absorbed in Boston's high society. She speaks French fairly well, and is slightly vain as becomes apparent when her uncle wishes her to refrain from the wearing of tight belts around her waist.

### Eight cousins : or, the aunt

His profession is never specified.
