Open panels

This panel would like to invite researchers that will present and discuss various kinds of partnerships, or rather formal and informal solidarities between the state institutions and local communities. Body size, fertility, morbidity, mortality, nutrition, diseases, age at menarche Academic Degree: Ph. Dignity was ideally placed to supply an alternative theory in this context, and we should not be surprised, therefore, to find it heavily used by the Court.

Human Dignity and Judicial Interpretation of Human Rights

We would like to analyze and discuss the relationships between the realities of youth and their families societies as well. Theoretical and Applied Climatology , 130, 1043-1053. How can knowledge be produced in places of high variabilities? Relatively recently, both the local and transnational contexts of Indigenous sports have become the subjects of an increased interest of scholars c.

Global Environmental Change and Human Security, Annual Review of Environment and Resources

Science of the Total Environment , 744, 140842. Source: University of Texas, Austin, PLC map collection.

Profile Details of Dr PEI, Qing 裴卿

How does resistance transform neoliberal cities into sites for alternative imaginaries and new forms of inclusion, citizenship and solidarity? We need to be careful, however, not to claim too much.

Contextualizing human security: A 'deprivation

Anthropology of emotions in South Asia This panel answers the need to sketch a broader trajectory of anthropology of emotion in South Asia on a basis of narratives, findings and arguments with reference to three key motifs: emotional vulnerability, emotional offense, and politics of emotion and emotional mobilization. We invite theoretical contributions and empirical case studies on the different roles of digital media in contemporary tourism

in the global south and north. The legislature, Alder argues, is the best forum for the discovery and application of such emotions.

Contextualizing human security: A 'deprivation

We would investigate ethnographic studies of the gaps between online and offline socialities, to explore the theoretical core of the relationship.
