The White House Tour

In the late nineteenth century conservatories they were built on the west side of the residence. Most of the work was done by African Americans, some free, others slaves.

Trump briefly taken to White House bunker during Friday's protests

One of the first actions taken by the new resident was to build full bathrooms on the top floor to replace the outdoor toilet. After his calls at the White House door went unanswered, Dickens let himself in and walked through the mansion from room to room on the lower and upper floors.
