### Responsibilities of an Offshore Development Lead

These conditions require proponents to

conduct, in collaboration with the C-NLOPB and Fisheries and Oceans Canada, a seabed investigation survey to confirm the presence or absence of sensitive features. Also known as a rotor cloud.

### Responsibilities of an Offshore Development Lead

These proposed revisions are supported by many comments submitted in response to the ANPRM requesting revisions to promote more efficient and timely reviews under NEPA.

### Risk Assessment

Agencies shall ensure the professional integrity, including scientific integrity, of the discussions and analyses in environmental documents.

### Audit of NRCan's Management Framework for Responsibilities under the Emergency Management Act (EMA) (AU1502)

Proposed Revisions To Update the Purpose, Policy, and Mandate Part 1500 C. Consider closing off one escape route during each drill, especially the main entrance and exit.

### Emergency Planning : OSH Answers

Indigenous and public engagement As directed in the Agreement, the Committee immediately began to engage with Indigenous groups and others with knowledge relevant to the Regional Assessment, or whose interests and use of resources might be affected by exploratory drilling in the Study Area.

### **Ministerial Response to Committee Report**

Researchers can work with industry leaders to enhance tools to share best practices.

### **Chapter 1—International Environmental Agreements**

Hospital plans should state the preparations needed for internal and external emergencies.
