Privacy Level 1 - Least Private Most Visibility, offers the least privacy Privacy Level 2 - Semi-Private Partial Visibility, offers semi privacy Privacy Level 3 - More Private Little Visibility, offers partial privacy Privacy Level 4 - Most Private Least Visibility, offers most privacy Note: These privacy levels are intended as a general guide, and are based on an object being 18 inches behind the film. I know, recently, I have been in a bit of a book funk and cannot seem to find a FIVE STAR read.
