### The Plague and I

The reader should also remember that TB was and is still a big killer. During the occasional serious or emotional moment, she did a wonderful job of imbuing the characters with emotion.

### The Plague and I

Betty MacDonald does a great job of telling how truthfully horrible being sick is, but also laughing at the situation herself. The Plague and I is narrated by Heather Henderson and her performance was spectacular and hands-down amazing. Then also how your parents see you, how your parents may care for you.

### Plague Vaccine

Then, in a triumph of medical science, a German doctor named Robert Koch deployed an unprecedented scientific rigor to discover the bacteria that caused TB. So, for example, plague orders that are quarantine laws.

### Camus, The Plague and Us

Humor was her greatest medicine, right up to the day she left the sanatorium, cured. He hasn't come in contact with death; that's why he can speak with such assurance of the truth — with a capital T.
