In fact, the action is accidental with respect to the instrument it is not essential for an instrument to be actually used , and it is proper to the agent no saw saws, no stick beats just by itself.

**About Boetius of Dacia: 13th**

This is precisely what a psychologist calls an action. La critica nel secolo xvi contro la logica aristotelica e l'insegnamento scolastico.

**Chapter 1. Syntactic relations in ancient and medieval grammatical theory**

See also Díaz y Díaz 1976: 141—201.

**Boethius of Dacia**

PAUL OF PERGULA 91 804. We will see the full implications of this claim in the second part of this study section II, i.

**Linked bibliography for the SEP article of by Sten Ebbesen**

Acts of the 9th European Symposium for Medieval Logic and Semantics, ed.
