### NAVFAC Atlantic Awards \$5B Global Contingency Construction Contract > United States Navy > News

Â Â Course Description: The objective of the course is to prepare civilian and military personnel who are assigned facility planning duties at shore activities and intermediate commands to carry out the procedures of Shore Facilities Planning System. All eligibility, qualifications, and time-in-grade requirements must be met by the closing date of this announcement.

### Naval Civil Engineer Corps Officers School: Naval Construction Force (NCF) Leadership

Search family-of-overseas-employees federal-employees-competitive federal-employees-competitive federal-employees-excepted federal-employees-transition individuals-with-disabilities Created with Sketch. If you are a current GS employee applying for a higher grade than the grade that you currently hold you must provide an SF-50 that shows that you have held the next lower grade for at least one year.

### Naval Civil Engineer Corps Officers School: Naval Construction Force (NCF) Leadership

Department of the Navy provides competitive salaries, comprehensive benefits, and extensive professional development and training. If the requirements of various facilities can be satisfied with few modifications to standard buildings, time and money will be saved. The experience of a contractor with the early development of the Cam Ranh Bay airfield, which will be the largest Southeast Asian air base, is probably typical of that at other Vietnam installations.

### Aguayo Takes Command of NAVFAC Atlantic > United States Navy > News

Many construction techniques which are considered routine in other areas of the world are unknown to the Vietnamese workers. Without this flexibility, the military objective of providing interim operational facilities at the earliest possible date probably could not be met. Your resume is the key means we have for evaluating your skills, knowledge, and abilities as they relate to this position.

## **TME Looks Back: Vietnam**

From pipefitters to accountants, scientists to engineers, doctors to nurses-the careers and opportunities to make a difference are endless. Determinations on requests for reasonable accommodation will be made on a case-by-case basis. Naval Facilities Engineering Systems Command: The Facilities and Expeditionary Combat Systems Command NAVFAC is the Systems Command that delivers and maintains quality, sustainable facilities, acquires and manages capabilities for the Navy's expeditionary combat forces, provides contingency engineering response, and enables energy security and environmental stewardship.
