This one is just the opposite. And I think the author managed to be witty sometimes. Definitely recommend reading it if you plan on going to Japan.

CultureShock! Cambodia: A Survival Guide to Customs and Etiquette

Or racism for not seeing the Kurosawa Akira movie of the life in Japan.

What I'd really like to see is a Western author who can discuss his personal exposure to Japanese thought, practices, and traditions without becoming entrenched in negative criticism. Benefit from the practical advice provided including how to find accommodation and employment, which schools to put your children in as well as the documentation required when applying for the various facilities and licences.

CultureShock! Paris: A Survival Guide to Customs and Etiquette

Leaving the snark aside, that goes for me and my fourteen years. You really get the impression that the author didn't have a very good experience living in Japan.
