impossible for most to achieve.

### Life in the 18th Century

I was wondering if you had any reliable sources that I might be able to include, or if you had any other information I could include in the report. .

### Life in the 18th Century

This was not an invented problem because sometimes rats attacked small children and could gnaw their hands and feet. The host would seat himself at the foot of the table and, later, when the hostess entered the room as part of the procession, she sat at the head. It was a good thing that she could afford alcohol, for I imagine that the wells in her neighborhood were contaminated with fecal matter.
