## Adding Family Law to Your General Practice in Massachusetts

You might help prevent family disputes from becoming criminal events by providing sound advice and representation. In addition, lawyers might work as judges, research assistants or court clerks in the child support office of a court.

## Family Law in Practice

Family lawyers work with their clients to make sure that child support amounts are accurate. You may work to gather evidence using including depositions, interrogatories and subpoenas.

## What does family law involve?

This might involve presenting school records, testimony of a psychologist or substance abuse counselor, criminal records and even medical records.
