People have always killed each other, and governments have not stopped this arguably, they make the problem much worse, as the wars of this century have shown. Online Communities Also referred to as virtual communities, network communities and Researchers and pundits of online communities have developed several different definitions that share some common characteristics.

Crypto Anarchy and Virtual Communities

As usual, the lack of a robust digital cash system is slowing things down. Users type words on their screens which instantaneously reach other users; but without the benefit of nonverbal cues that express subtlety of meaning, IRC users must use a series of symbols in order to communicate efficiently with one another and develop a unique sense of community based on the unconventional boundaries of the medium.
