## Information Skills Lesson Plans

New to teaching computer science? The students re-create animal sounds as each animal is identified. You also need 3 copies for your group. You never know what your students will just whiz through! It would be good for younger grades and it is free.

## Course Outline Examples & Samples

You can see Part One and Part Two.

## Een, Jenny / Debate

This site is by the University of Minnesota Libraries. However, when you use a database you usually have citations automatically done for you.

## Elementary Library Lessons

Explore the halls of the White House, wander through the Sistine Chapel, and take a tour of the International Space Station with and courtesy of TripSavvy. Teacher enhancement programs funded by federal agencies, such as the National Science Foundation and the U.
