United Kingdom and the euro

So they know they have to do something. Another condition for reserve currency status is the existence of financial markets in which monetary authorities are willing to invest their foreign exchange reserves.

Brexit Effect on Euro Exchange Rate

No matter how Greece and the rest peripheral eurozone states deal with public finances, the result is to their detriment due to structural deficiencies of the euro. Imagine for a moment that Nick Clegg, Ken Clarke and Tony Blair had triumphed back in 2003. Undertaking a broad suite of regional and bilateral trade negotiations requires a significant number of qualified and experienced individuals.

International Effects of the Euro

The monetary union joined together states at different levels of political development and political economies structured in quite different ways.

What has the EU done for the UK?

But Andrew Lilico, a British economist at the consulting firm Europe Economics, argues that it's more complicated than that. Three centuries after Scotland bowed off the main stage, it might be set for an encore.

What has the EU done for the UK?

During the closing debate of the referendum campaign in 2016, broadcast live on the BBC and filmed in front of 6,000 voters at Wembley Arena in London, Boris Johnson was given the job of making the final pitch for the Leave campaign. Before the referendum, the EU wanted Britain to take more refugees.
