History of Museums: A Look at The Learning Institutions Through Time

We use this information in order to improve and customize your browsing experience and for analytics and metrics about our visitors both on this website and other media. Contributors from a variety of disciplines and institutions explore the work of museums from many perspectives, including cultural studies, religious studies, and visual and material culture.

FWS Historic Preservation

How to design a national Holocaust memorial in a country that participated in the deportation of Jews, or in a country that did not experience the Holocaust on its soil? During his time in Sheffield, the Cathedral has been substantially rebuilt, from the golden weather vane on the spire to the centre for the homeless far below. It becomes nearly impossible to exit a museum without having gained any information or insight during your visit. One room tells the fate of 15 Jewish families from all over Europe; in another, the names and short biographies of Holocaust victims are projected on a dark wall, and recited in German and English.
