When Darkness Comes

Write me in the comments for this. Alternatively you could just use the Steam version with Steam Play.

And Darkness Comes

I won't be updating it anymore safe for major bugs since it was simply an outlet for my own creativity but enjoy it as it is. Then demand the self worth and ability to rise up and meet your challenges heart on.

Darkness Comes (Short 2013)

About the Development: This is a walking simulator I've been working on here and there for the past year or so. It's difficult, this game is telling that in a very specific way. We would love to see other products from you in the future! It's been, what, a bit over a year now? When the Darkness comes is a walking simulator whose glitchy and dark tale tries to illustrate the hardships of depression and anxiety through a variety of imaginary digital landscapes.
