Moramona Hawaii

Engaging yet scholarly, richly illustrated, this volume will appeal to all interested in the history of Hawaii and The Church of Jesus Christ of Latter-day Saints, students of Pacific missiology, and especially to the Saints of Hawaii and the dedicated people who served a mission in the Islands and their descendants. The history of the church in Hawaii is fascinating. The first edition of Moramona was written in 1975 and published in 1989.

Moramona: The Mormons in Hawai'i, second edition

His presentation of the events is extremely fair. A very well-presented history of the Church of Jesus Christ of Latter-Day Saints in Hawaii, beginning with the first missionaries called to serve there in 1850. It provides an in-depth look at their struggles, their successes, and much, much more! I recommend this book to anyone wanting to know more about the LDS Church in Hawaii up to the 1980's.
