“Diamonds and rust” on Russia's road to privatization: The profits and pitfalls for western managers

For example, in the case of health care, it is feared privatising health care would mean a greater priority is given to profit rather than patient care.

Western Balkans economies could take up to 200 yrs to catch up with EU

However, just as important as property rights, the government should also be able to come up with a law that would legally sanction privatization. The other solution to this problem is cooperative farming in which the farmers pool their resources and share the profit.

1980s in Bangladesh

These activists claim that much of climate change adaptation work being proposed today is the same as the development interventions NGO-wallahs have been opposing for decades — and that it is being carried out by the same people. With the help of digital technologies, they are increasingly networking and linking struggles from the bottom up.
