## Review of Japanese Culture and Society

This text primarily focuses on a single aspect of the changes that took place in photography and video art during the

Heisei period, not as an established corpus or a specific canon, but as a process that defines itself through the multiple changes of that era. Blyth webpage was first prepared and distributed online in 2003. Topics include the multicultural aspects of modern Switzerland, the concepts 'Heimat,' provincialism versus globalism, Old World versus New World, the dialectics of myth and modernity, the mixed blessings of technology, as well as the discourse of gender ideology and matriarchal mythography.
