A Field Guide to Australian Birds 2 Volumes. Australian Bird Guide — Visual Reference Bird Groups The visual guide works well for experienced Birders but may be a tough ask for anyone who is not well versed in bird families.

The Australian Bird Guide

Section on classifying and naming birds. The colour plates sure many plumage forms, and phases never before illustrated. There are 10 volumes in the National Photographic Index of Australian Wildlife, now out of print.

9780870980367

Like the first volume, this book is ideal for use in the field and is packed with all the information needed for positive identification of Australian birds. The maps show the known ranges of the birds described in the text.

0851798136

ABE may, however, display a stock image whilst processing ours. Peter Slater is one of the best known photographers and painters of Australian wild life, especially birds. Download the updated index from The updated ABG Index using a traditional system.

Field Guide to Australian Birds

This is volume 1 in a two volume set. No obvious damage to the cover, with the dust jacket if applicable included for hard covers.

A Field Guide to Australian Birds (Slater)

Volume One was reviewed in the by as A. Once you know that you now have to find a Honeyeater in the quick reference guide.
