**Professional Standards for Preparing, Handling and Using Explosives**

Filesize: 62.64 MB

(Paperback): Thomas Mordecai: 9780873648073

Packages of explosives shall be laid flat with top side up. For example, see the TDG Bulletin: Dangerous Goods Safety Marks based on the Canadian. Working drawings to be accompanied by evidence of licensure by the state.

## Dangerous goods

Annotations to present chapter: Cited.

## 1910.109

The number must be of a person who is knowledgeable of the hazardous materials being shipped and the appropriate emergency response procedures, or a person who has immediate access to a person who has such knowledge.

## WorkSafeBC

The exhaust systems on all such engines shall be located so any spark emission cannot be a hazard to any materials in or adjacent to the plant.
