A Manual of Embryology: The Development of the Human Body.

Playfair McMurrich, Toronto; Franklin P.

Book

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it.

Book

As this print on demand book is reprinted from a very old book, there could be some missing or flawed pages, but we always try to make the book as complete as possible. Fold-outs, if any, are not part of the book.
