## New Ways Of Teaching and Learning Improve the Quality of Education in Cambodia

There are mechanisms for capacity-building, rewards and communication in the school. The data was analyzed and discussed with my own interpretation. We recognise that each child has particular needs in preparing for life in a complex world.

### Horizon International School

For Nang Rith Kanha, the new style of teaching and learning at her school makes her feel proud.

### Horizon International School

She failed her first exam because it was strictly monitored by the teachers and parents. The field work lasted for six weeks during which I used qualitative case study research instruments, such as; semi-structured interviews, non-participant observations, informal discussions and document analysis in order to collect the relevant data.
