## European Exploration of Africa

This heavenly sign—perhaps the static electrical phenomenon known as St.

## Before Columbus, the Moors were in America

Some Africans remained behind in Kansas and New Mexico after Coronado departed, and are believed to have been absorbed into the native tribes. Boats similar to those of Nubia and Egypt were being used in the Sahara just as long or even longer than they were being used in Egypt.

## Richard Lemon Lander: Explorer of West Africa

In all cases, cabins are built on top of the interior out of woven mat or other strong fiberous material.

## The Role of Explorers and Traders in the Colonization of Africa

According to Quatrefages the two races spoke different languages. The Kangaba sign, is clearly depicted among the glyphs found in the Guijus range of southern Arizona.

## Did West Africans live in Four Corners Region of the United States from 12th Century?

With Dorantes, Esteban, who is labeled a Moor by most historians, traveled to Cuba to join the Pánfilo de Narváez expedition to conquer Florida for Spain. On the other side there is a picture of two Egyptian obelisks, a pyramid and African animals.

## Richard Lemon Lander: Explorer of West Africa

The growing body of evidence is now becoming simply too loud to ignore. It is believed that Abubakari, who never returned home, landed at what is now Recife in Brazil and that some of the previous boats landed throughout the Americas, including what is now Mexico and even in Colorado.

Some were sculptures with African type features as well as African type hair.

**Did West Africans live in Four Corners Region of the United States from 12th Century?**

I understood what the Negroes used their sculpture for.
